

FAQs for Prospective STAR-CA Members

What is STAR-CA?

You can find detail about our mission, history, and the current schedule at:
<http://www.star-ca.org/>

How many hours do we have to contribute?

Most colleges contribute 5-7 hours per week.

What are the costs?

Currently, your only costs are your supervision time and the cost you spend to pay your tutors. This will remain through June 2024.

What do we need to do to get started?

1. Sign the Participating Institution Agreement (PIA).
2. Identify the subjects, days, and times that your tutors will cover.
3. Put your tutors through training.
4. Make sure STAR-CA is available to all your students via Canvas (in every course).

FAQs for Prospective STAR-CA Members

Which administrator signs the PIA?/How did you get them to sign it?/Who is the right person to sign it?

With your NetTutor agreement in place on your campus, STAR-CA is an expansion of online tutoring services utilizing the same Pisces platform. The Participating Institution Agreement (PIA) form is mandatory and can be signed by your Learning Assistance Center Director and/or your Distance Education Coordinator to move forward in joining STAR-CA. It's good practice to consult with your primary administrator to inform them of your online tutoring services expansion for students.

What if we're not a NetTutor partner yet?

It is still possible to join STAR-CA if you are not a NetTutor partner. Contact us to learn more at <https://linksystems.atlassian.net/servicedesk/customer/portal/53>.

What if our tutors do not use Pisces?

Pisces is the STAR-CA platform, so they will be on Pisces during their STAR-CA scheduled hours.
