

TRAINING FOR ONLINE TUTORS

The STAR-CA online tutor training program is designed to familiarize campus tutors with the platform and teach them how to effectively tutor students in an online environment. Tutors should complete each of the self-paced modules and then attend each of the webinars. There are a few days offered for each, however, *attending one session per webinar* is sufficient. Lastly, tutors should join a NetTutor “jam session” so they can directly collaborate with tutors at NetTutor.

[Self-paced Modules with Assessment] Basic Training [2-4 hours]

Access these modules online at www.sofiasuccess.com:

- Introduction to Online Tutoring
- Technology/Platform Overview
- How to tutor in Pisces One-on-one Mode
- Maintaining FERPA-compliance Online
- Supporting Students with Disabilities Online

Campus coordinators, to request training module access for your tutor, send an email to star-ca@linksystems.atlassian.net that includes your tutors' **first and last names** and **email addresses**.

[Webinar] Platform Training: Introduction to Pisces [30 minutes]

This webinar features a tour of the Pisces online learning space for academic support and student services.
